Programs are designed to equip churches, support ministry leaders, and engage local communities, emphasizing spiritual growth, relationships, and general encouragement.

SPECIFICS

We encourage the Church by joining them where they are joining God in their cities, campuses, etc. through:

- **Coming alongside** partners in current ministries
- **Carrying forward** partners by filling gaps and meeting needs through service projects and event hosting
- **Equipping** partners with trainings in evangelism, worship, etc.

HOW TO PARTNER WITH US

We would love to serve your church through organizing worship nights, providing evangelism training, working with college ministries, helping with church events, and serving physically in any way your church body needs.

To best serve you, we would love for you to send us an email with:

- A list of where we can best serve your church. (manual labor, evangelism training, VBS, worship, etc.)
- The name and contact info for the specific church or ministry we could be partnered with
- What dates your church can host us

If possible, we would appreciate if your church could also provide:

- Host homes or a building that could house us and provide sleeping. We are willing to split up and have supplies to sleep on a floor.
- Access to bathrooms and showers.
- A meal. We would love to get to know and encourage your congregation. It would be incredible if we could do this in church members' homes, or at a church potluck or catered event.
- A place to park our vehicles. Could we park in your church parking lot or at members' homes?
